- **AI Tools:** ChatGPT, Gemini, GitHub Copilot
- **Soft Skills:** Problem-Solving, Analytical Thinking, Teamwork, Time Management

Projects

Portfolio Website

- Designed and deployed a fully responsive portfolio website using HTML5, CSS3, and JavaScript. Optimized for fast loading speed, SEOfriendly structure, and smooth UI/UX across devices.
- Showcased multiple projects in a structured layout to highlight technical skills.
- Focused on clean UI/UX and smooth navigation for a professional look.

Voting Booth (Inside Portfolio)

- Developed an interactive voting simulation system with real-time vote counting using JavaScript.
- Implemented a simple user interface for selecting and submitting votes.
- Enhanced logical thinking by applying condition checks and dynamic updates.

SBI ATM Simulator (Inside Portfolio)

- Created a functional **ATM** simulator with options like deposit, withdraw, and balance inquiry.
- Applied **JavaScript** for real-time transaction updates and user inputs.
- Designed a realistic **ATM** interface to mimic real-world banking operations.

Prime Projects Website

- Built a project hub website to showcase **JavaScript-based mini projects**. [Link](#)
- Designed responsive layouts with easy navigation for better project presentation.
- Developed projects with the assistance of **ChatGPT**, improving learning and productivity.

Certifications

- **JavaScript Certification** – Simplilearn | Issued: September 2025 | [link](#)
